Introduction

BulkChange IT is the addon that allows parsing Opportunities and performing changes in them. It has the following features:

- Field contents changing
- Opportunities copying
- Opportunity fields copying
- Working with current lookup or entire opportunities
- Conducting multiple changes in one single process

Home > Licensing

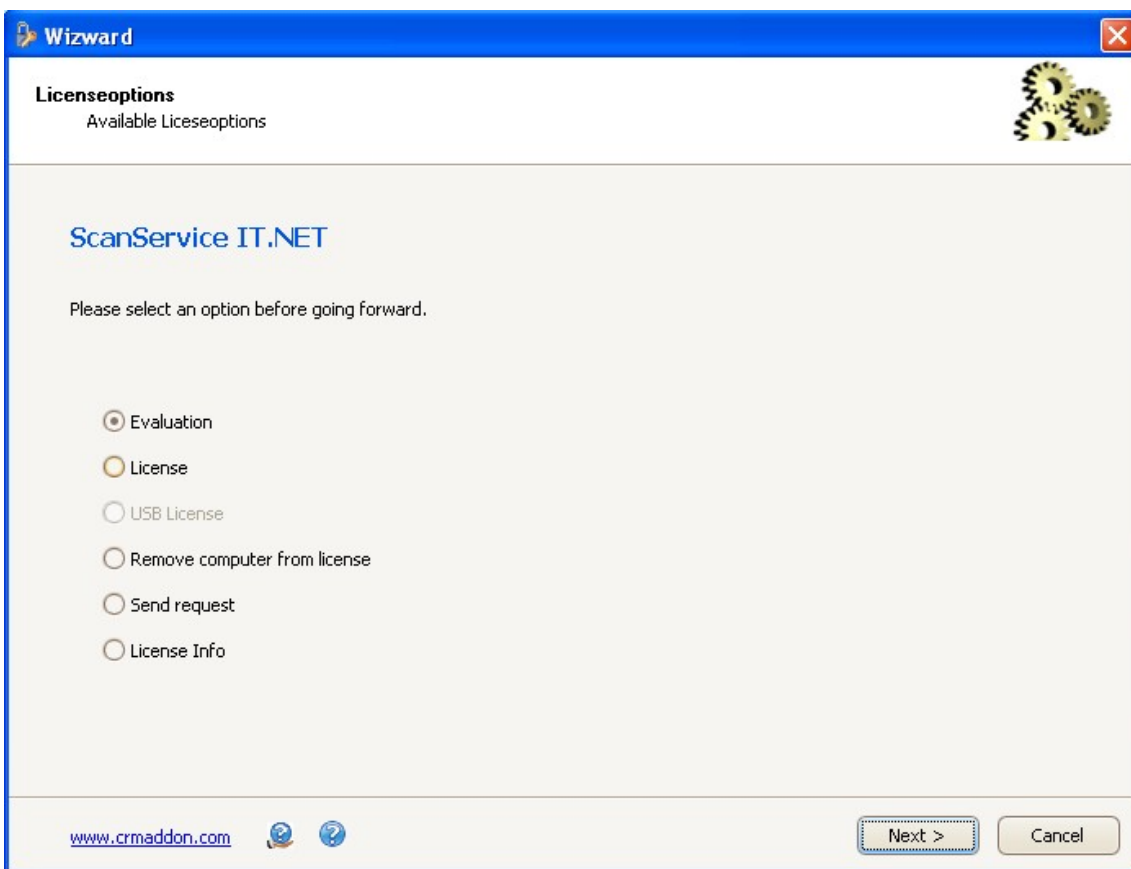

Licensing

When you install a new addon, it is required to be licensed. For testing purposes trial period is offered, so you are welcome to start with evaluation and then purchase a license if you decide to continue using the product.

Almost all addons offered by CRMAddon Factory have 14 days fully functional trial period. The following addons have some limitations:

1. Dial IT - 'Repair Phone Numbers' feature is not available
2. Import IT - Scrambles importing lists, i.e. does not allow to import information exactly as it appears in the source file, allows only 10 records importing. SQL connect is not possible as well
3. Scan IT allows scanning only 5 business cards per run
4. Export IT allows exporting only 10 records per run.

For licensing a convenient license wizard will open. You will need to follow its steps to evaluate or register the product with your license. It has the following look:

With this wizard you can start evaluation, register your license, remove computer from license, send request to our support team or get information about your license.

Home > Licensing > Evaluation

Evaluation

To start free trial period you need to select 'Evaluation' option on the Start Wizard page:

On the next form you will need to provide an email you registered the trial with:

The image shows a screenshot of the 'CRMADDON Factory Wizard' application window. The title bar reads 'CRMADDON Factory Wizard'. The main content area is titled 'Userinformation' with the subtitle 'Information about License user'. Below this, there is a section titled 'CRMADDON Factory ACT! Addons' with a sub-instruction: 'Please put your Downloadkey in. You get the key when you order the Addon. Email and Name are necessary for registration.' There is a text input field labeled 'Email' containing the placeholder text 'your registered email'. At the bottom of the window, there is a footer area with the website 'www.crmaddon.com', two small circular icons, and three buttons: '< Back', 'Next >', and 'Cancel'.

Please put your Downloadkey in. You get the key when you order the Addon.
Email and Name are necessary for registration.

Email

www.crmaddon.com  

< Back Next > Cancel

On the next step you will need to specify your connection settings. If you use proxy for connecting to the Internet, then, please add server and port to the corresponding fields. 'No proxy' should be selected if you use direct connection to the Internet.

Then you will need to click '**Finish**' button to exit the Wizard and complete evaluation registration.

Each time you start the addon the program will offer you to purchase a license or to continue using the evaluation:

To proceed with trial just click 'Ok' button. On this window you will see the name of the addon you are using and how many days of trial are left.

If you would like to purchase a license you will need to click '**Click to buy**' button.

If you experience any issues and need our assistance, please click the following button at the bottom of the Wizard to create a support ticket 

To open our User Manual, please click  button at the bottom of the Wizard.

Home > Licensing > License

License

By selecting this option you can license the product you are using. To do this you need to specify the registration key you received from our team. The license is provided per user computer, i.e. single licence is for 1 machine where the software is installed. If you purchase 3 licenses you will receive one license key which should be used for all machines. The system automatically connects to the server and checks your license, e.g. if there are free licenses for your computers or not.

On the next window you will need to specify your license key and email registered in our system:

The image shows a screenshot of the 'CRMADDON Factory Wizard' window. The title bar is blue with the text 'CRMADDON Factory Wizard' and a close button. Below the title bar, the window has a white background. On the left, under the heading 'Userinformation', it says 'Information about License user'. On the right, there is a logo consisting of three interlocking gears. The main area of the window has a light gray background. At the top of this area, it says 'CRMADDON Factory ACT! Addons'. Below this, a message reads: 'Please put your Downloadkey in. You get the key when you order the Addon. Email is necessary for registration.' There are two input fields: one labeled 'Key' with the placeholder text 'Your license key', and another labeled 'Email' with the placeholder text 'Your registered email'. At the bottom of the window, there is a footer bar. On the left, it contains the URL 'www.crmaddon.com' and two small icons. On the right, there are three buttons: '< Back', 'Next >', and 'Cancel'.

[Home](#) > [Licensing](#) > [License](#) > [Update license](#)

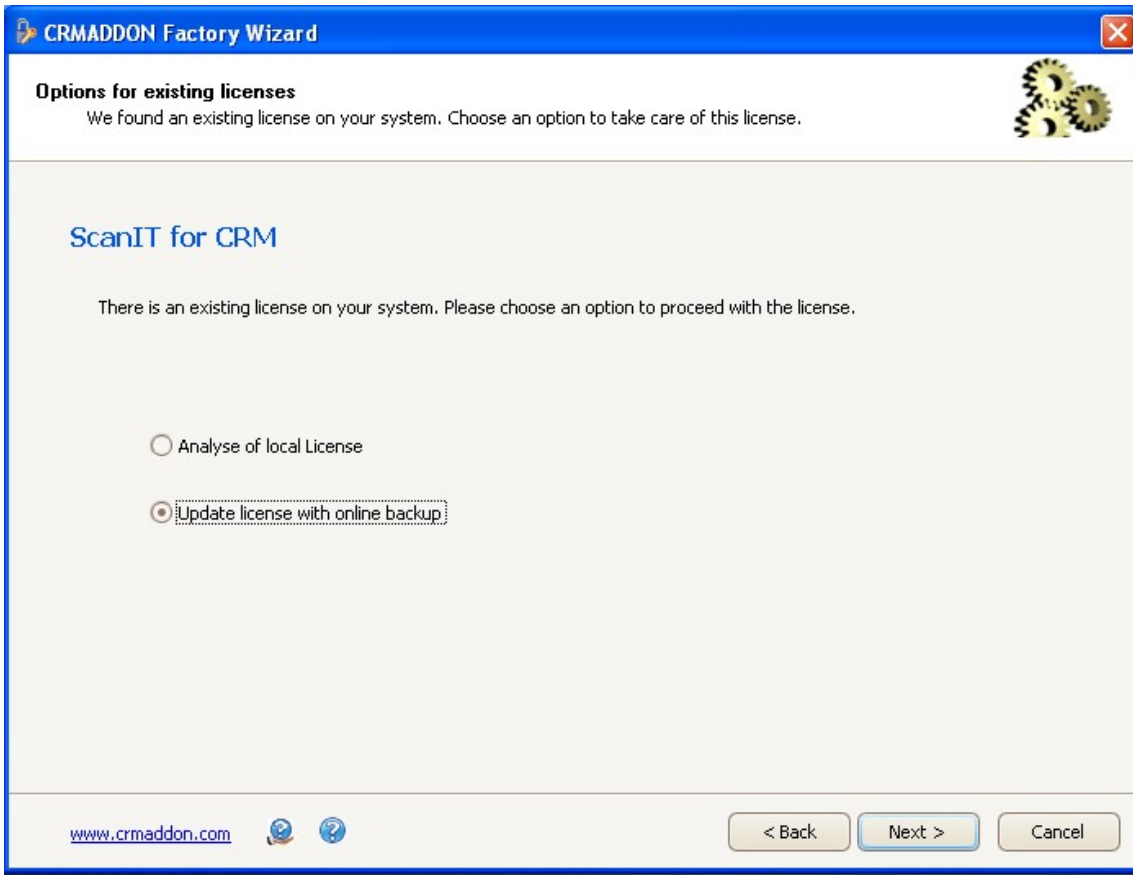

Update license

To update your license you need to open **'License and support'** window in your addon and

follow License tab there. On this tab you need to click '**Wizard for Registration**' button . This will start licensing Wizard, where you can select '**License**' option to proceed with updating:

On the next window you will need to select whether you would like to analyse your current license or update the license with online backup.

If you select '**Analyse of local license**' you will need to click  'Analyse button' on the opened window to get details about your current license. To proceed with updating you will need to select '**Update license with online backup**'. The further steps will be the same as when you register for the first time. Please find detailed instructions on the ['License'](#) page.

If you experience any issues and need our assistance, please click the following button at the bottom of the Wizard to create a support ticket .

To open our User Manual, please click  button at the bottom of the Wizard.

Home > Licensing > Remove computer from license

Remove computer from license

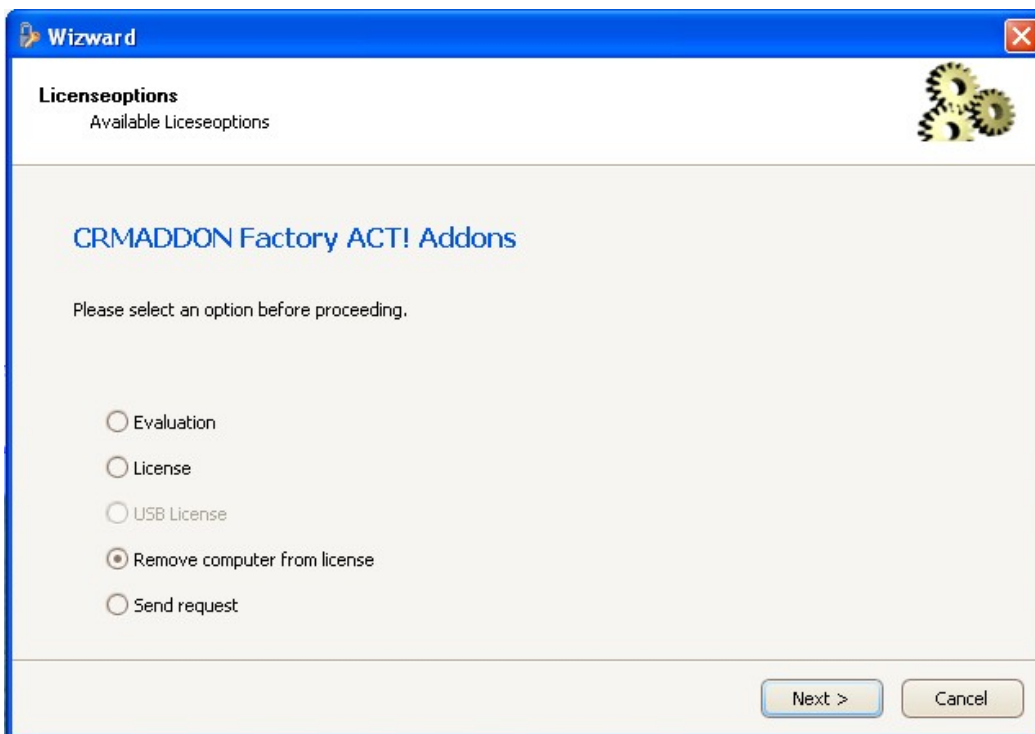

This option allows moving the license to another machine. It is possible to change computers only twice then it will not be possible to reset a license. For example if you have a single machine license you can change the computer twice. In case you need to do this more times you will need to [create a ticket](#) for our support team.

To remove the computer you need to click '**License and support**' button  and

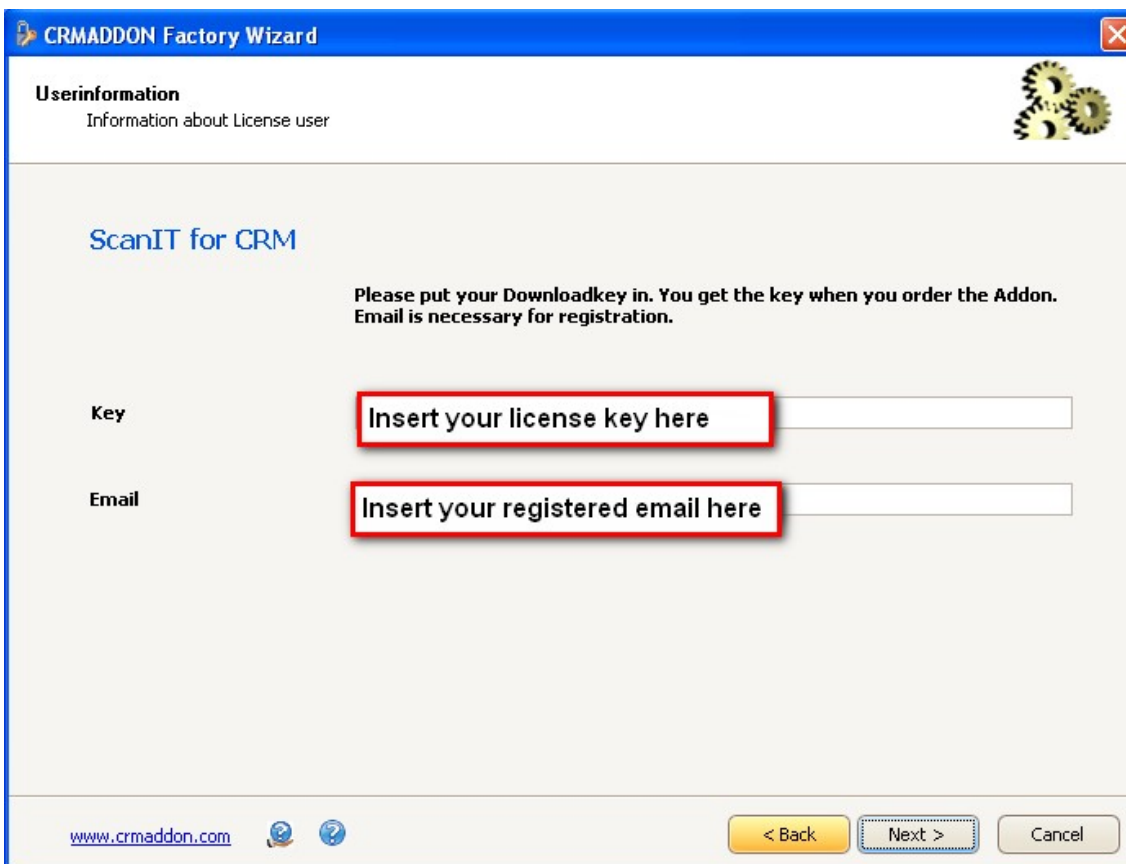

then select **Wizard for Registration** on the License tab:

On the opened window you will need to select '**Remove computer from license**' option.

Then you will need to provide your license information and proceed by clicking '**Next**'.

The image shows a screenshot of the 'CRMADDON Factory Wizard' window, specifically the 'User Information' step. The window has a blue title bar with the text 'CRMADDON Factory Wizard' and a close button. Below the title bar, the text 'User Information' and 'Information about License user' is displayed. A gear icon is visible in the top right corner. The main area of the window is light gray and contains the text 'ScanIT for CRM' in blue. Below this, a message states: 'Please put your Downloadkey in. You get the key when you order the Addon. Email is necessary for registration.' There are two input fields: one for 'Key' and one for 'Email'. Both fields have a red rectangular box overlaid on them with the text 'Insert your license key here' and 'Insert your registered email here' respectively. At the bottom of the window, there is a footer area containing the website 'www.crmaddon.com', two small icons, and three buttons: '< Back', 'Next >', and 'Cancel'.

[Home](#) > [Licensing](#) > [Send Request](#) > [Order an Upgrade](#)

Order an Upgrade

Here you can order an upgrade of your ACT! version.

If you do not change your ACT! version and would like to get a software upgrade within the same version release, for example upgrade 2.3 version to 2.6. version, this will be done for free. However, if you would like to upgrade from 2.x.x version to 3.x.x version then you will need to purchase an upgrade. You will get the upgrade already starting at as low as 10% of the addon license cost. The support for the latest version is provided for free. In case you have an old version, you will need to [purchase support units](#) or upgrade to the latest version.

The following window will open after you select 'Order Upgrade' option:

The image shows a software window titled "CRMADDON Factory Wizard" with a close button in the top right corner. Below the title bar, the text "Userinformation" is displayed, followed by "Information about License user" and a gear icon. The main area of the window has a light gray background and contains the text "ScanIT for CRM" in blue. Below this, a message states: "Please put your Downloadkey in. BulkChange IT main mask

You can start BulkChange IT tool directly from the ACT! database by following Tools / CRMADDONFacroty Addons / BulkChange/BulkChange Application:

The main mask of Bulk Change IT has the following look:

Here you can work with opportunities of selected lookup in your ACT! database or with entire opportunities. You can change field contents based on particular conditions specified in the main mask.

To create such condition just click **'Add'** button and select needed values for the columns 'Matching Opportunity Field', 'Operator', 'Old Value', 'Changing Opportunity Field', 'New Value'.

'Matching Opportunity Field' - Select here the field you would like to update

'Operator' - Set here the command you would like to apply. A drop down list with available commands will appear:

'Old Value' - select from the drop down list a value for the field selected in 'Matching Opportunity Field' column. Based on this field content a field selected in 'Changing Opportunity Field' column will be updated.

'Changing Opportunity Field' - A field where update will take place

'New Value' - A new value that will be written to the field specified in 'Changing Opportunity Field' column.

After you specify all needed conditions, click **'Run'** button to perform changes.

Please note!: You will need to make a backup of your ACT! database before performing any changes, there will not be any possibility to undo the changes.
